

# Blessing the Land

By Brooke Medicine Eagle

This chant came to me as I was walking in a flower-filled meadow, during one of my Eagle Song camps. I felt such love for the land, and wondered how I could be more of a blessing to it. Spirit answered with this song, reminding me that not only through doing, but through being and loving, can I, and you, bless this sweet land we walk upon.

I am blessing the land as I walk

I send love to all things as I walk

I am blessing the land as I walk

CHORUS

I am greening the earth as I walk

I am one with all things as I walk

I am greening the earth as I walk

I am one with all things as I walk

Hoh-ohhhhhh, I am blessing the land as I walk

CHORUS

I am blessing the land as I walk

REPEAT (Make up more verses as you like!)

CHORUS

I plant flowers on the path as I walk

I plant flowers on the path as I walk

CHORUS

I plant flowers by the path as I walk

I plant flowers by the path as I walk

CHORUS

I plant trees on my path as I walk

I plant trees on my path as I walk

CHORUS

I sing joy to the earth as I walk

I sing joy to the earth as I walk

CHORUS

I am blessing the land as I walk

I am blessing the land as I walk

I send love to all things as I walk
